EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Manabu Kanesaka on 07/22/2009.

The application has been amended as follows: Please cancel claim 20.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

1. Independent claim 1 and the claims dependent thereon have been allowed because none of the references of record teach or suggest that the precursor compound is a compound obtained by applying a heat treatment to a complex citrate to thereby decompose and eliminate citric acid therefrom, the complex citrate being obtained by dispersing the SiX in an aqueous solution including the MX and AIX dissolved therein, followed by addition of citric acid and by drying and dehydration.
2. Independent claim 8 has been allowed because none of the references of record teach or suggest a method of producing an oxynitride powder, wherein the MX particles and AIX particles have averaged particle sizes smaller than that of SiX particles, respectively.
3. Independent claim 12 has been allowed because none of the references of record teach or suggest that the precursor compound is a complex citrate obtained by

dispersing the SiX in an aqueous solution including the MX and AIX dissolved therein, followed by addition of citric acid and by drying and dehydration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 1-3, 5-8, 10-12, 14-19 and 21 have been allowed.
